MEMORANDUM

May 22, 2013

TO: Mark Kunkel
Legislative Reference Bureau

FROM: Paul Ziegler
Department of Revenue

SUBJECT: Technical Memorandum on AB 186 – relating to the police and fire protection fee imposed on certain communications services.

The Department of Revenue has the following concerns with the bill:

1. The bill does not specify an effective date, making the bill effective the day after publication. This may not provide the department sufficient time to notify businesses or sufficient time for retailers and service providers to modify their billing systems. The department suggests the bill be amended to be effective the first day of the 3rd month beginning after publication.
2. The bill does not specify whether the termination of the police and fire protection fee applies to bills paid after the effective date, bills issued after the effective date, or bills for services that occur in a period after the effective date. The department suggests the bill be amended to apply to bills issued after the effective date.
3. Under current law, s. 25.50(3)(b) identifies funds payable to local governments, including county and municipal aid, as local funds in the local government pooled-investment fund. Section 5 of the bill amends s. 25.50(3)(b) to delete a reference to s. 79.035, which applies to all county and municipal aid, rather than the portion of county and municipal aid paid by the police and fire protection fund. The department recommends the bill be modified to remove the changes to s. 25.50(3)(b) and amend s. 79.035(1) to read as follows:

Each county and municipality shall receive a payment from the county and municipal aid account ~~and from the appropriation account under s. 20.835 (1) (r)~~ in an amount determined under this section.
